SKILLS

MOBILE DEVELOPMENT | React Native • Expo • Andriod

FRONT END DEVELOPMENT | NextJS • ReactJS • HTML • CSS • Tailwind CSS • Shadcdn

BACK END DEVELOPMENT | NodeJS • ExpressJS

Programming Languages | Javascript • Java • Python • C/C++/C#

OTHERS | Git • MongoDB • Amazon AWS • Firebase

EXPERIENCE

Woodenclouds

React Native Developer | March 2025 - Present

- Developed and deployed a React Native (TypeScript) app with Supabase Auth, Functions, and WooCommerce REST API integration for e-commerce workflows.
- Designed and implemented UI and integrated backend APIs for a Hostel Management app, improving usability and operational efficiency.
- Built UI for a Multi-service Productivity app, ensuring responsive layouts and optimized performance.
- Collaborated across teams to deliver production-ready features aligned with client requirements.

Springfield Olympiad

React Native Intern | OCT 2024 - DEC 2024

- Built scalable React Native features: Gift Screen, Track Order, Coins Screen.
- Integrated FCM, Deep Linking & Redux for performance.
- Optimized APIs & improved UI/UX with custom modals, notifications & video support.
- Developed responsive Next.js features: dynamic themes & cart/order APIs.
- Resolved major UI & API bugs for smoother functionality.
- Delivered production-ready features, boosting reliability & engagement.

PROJECTS

SOS Game | React Native • Expo • Tailwind CSS | JULY 2024

Github - <https://github.com/RameesJahan/SOS-Game-React-Native>

- Created a multiplayer SOS game (2-6 players) with customizable nicknames and board sizes.
- Implemented local storage and interactive game settings.

Chat App | ReactJS • Tailwind CSS • Firebase | JAN 2024

Github - <https://github.com/RameesJahan/chelakkedo>

- Built a real-time chat app with React.js frontend and Firebase Firestore backend.
- Implemented phone number authentication and secure messaging.

E-Commerce API | NodeJS • ExpressJS • MongoDB | APRIL 2023

Github - <https://github.com/RameesJahan/FillKart-Api>

- Built an E-commerce API with endpoints for products, categories, and filters.
- Provided features to list products, view details, and filter by category.

SUMMARY

Software Engineer with expertise in React Native, React.js, Next.js, and Node.js. Experienced in building apps, games, and APIs, integrating Supabase, Firebase, and MongoDB. A fast learner who excels in problem-solving and delivering reliable, user-focused solutions.

EDUCATION

Bachelor of Computer Applications (BCA)

SAFI Institute of Advanced Study
March 2024 | Kerala, India

COURSEWORK

Web Development
Android Development
Machine Learning
Data Structure and Algorithm

CERTIFICATES

React Bootcamp by Scaler

Industrial training based course on problem solving using Deep Learning by MaiTexa

LANGUAGES

Malayalam
English

INTERESTS

Technology • Self-Improvement • Video Games • Travel
